

FUN NIGHT IDEAS

Guess Right Dress Right Night

Basic Overview:

Guess Right Dress Right Night is a fun night in which a number of fun nights are combined into one. Kids will be instructed to choose from a list of six possible fun nights and must come dressed and ready for only one of those. In opening time, you will put the names of all six fun nights into a hat and draw them out one at a time. Then you can see who guessed right and dressed right for your night. The fun nights we recommend using for this night are Wacky Tie Night, Crazy Hat Night, Fuzzy Face Night, Strange Shoe Night, Goofy Glasses Night, and Mitten Mania Night. These specific nights were chosen because there is no overlap where the kids could dress up for two in attempt to get credit for another night (i.e. Silly Sock Night, Backwards Night, and Inside-Out night could also be used, but kids could combine these with another night listed and wear their socks inside out for instance, or their hat on backwards, etc.) Emphasize that the kids must choose only one of these nights to dress up for or they do not get any credit.

Though these are included on the flyer, here is what is considered “dressed up” for a fun night: Fuzzy Face Night - wear a mustache or beard. This can be a fake mustache or beard from a costume, or one that is drawn on with washable marker. Wacky Tie Night - wear a tie of any kind. The wackier...the better! Crazy Hat Night - wear a hat of any kind. The crazier...the better! Strange Shoe Night - wear two different shoes. No cleats are allowed to be worn. Goofy Glasses Night - Wear sun glasses or goggles on your eyes. Prescription or reading glasses will not count. Mitten Mania Night - Wear gloves of any kind on both hands. Both hands must have a glove on them in order to count.

They are a couple of ways that you can award points. (1.) You can draw just one fun night out of the hat and give a point or prize to every child who guessed right and dressed right. (2.) You could also give two points to each person who guessed right and dressed right and 1 point to everyone who dressed up at all for the night. (3.) You could draw all six fun nights out one at a time and give out the most points for the first one you draw and less points for each subsequent one drawn out after that (for instance, give six points for Crazy hats (because that was drawn first), five points for Goofy Glasses (because that was drawn second), four points for Fuzzy Faces, three points for Mittens, two points for shoes, and one point for ties).
