

# ***FUN NIGHT IDEAS***

## *First Class Night*

---

### **Basic Overview:**

This fun night is designed to get the kids to complete a bunch of checkpoints from their books. How it works is that you will print off the airplane game card below. At the beginning of book time, each classroom will be given one or two airplane game cards. Each airplane game card has a total of 56 possible seats for the children to choose from. Each time a child completes a checkpoint in their book, they get to pick one seat and have their leader write their initials on it.

It is important to have all of the seats on the game sheets filled in with someone's initials so that each classroom has a winner. If you have several seats still open at the end of book time, go around the room and allow each child to pick a seat to put their initials on. You can do this as many times as is needed to fill up the game card or cards. Let's say you do this a couple of times and still have 4 cards open and have 10 kids in your class. In this case, you can allow the four kids who completed the most pages that night to pick one additional card, draw names out of a hat, or choose four who listened to the lesson best and put their names on the remaining cards. If by chance you have more than 56 pages completed during book time and run out of blank seats, you can allow the kids the choice of putting their initials next to someone else's initials on the game card. If that seat ends up being the winning seat, both children whose initials are on it would be a winner.

At the end of book time, the leader will give the completed game card to the commander or whoever is awarding the prizes.

### **Additional Ideas:**

None

### **Reminder Flyer:**

See the flyer on the next page.

Remember, next week is ...

# FIRST CLASS NIGHT

Come ready to get as many pages as you can signed off in your book. The more that you complete the better chance you have of choosing the right seat on the airplane!
