

FUN NIGHT IDEAS

Marvelous Masks Night

Basic Overview:

On Marvelous Mask Night, the children are encouraged to wear a mask that covers all or part of their face to Expeditions. Encourage the children to create a mask out of paper, cardboard, cloth, wood, stickers, etc. You might even suggest that they could use a cardboard box or something similar to create their mask. It is important to remind the children that no gory, bloody, or scary masks will be allowed to be worn. Explain to the kids that there will be a prize given out to the person with the most marvelous mask. You might even want to offer this prize only to those who create their mask to try to encourage creativity and avoid the desire some might have to wear a Halloween or scary type mask on this night.

Additional Ideas:

None.

Reminder Flyer:

See the flyer on the next page.
