

FUN NIGHT IDEAS

Fuzzy Faces Night

Basic Overview:

On Fuzzy Faces Night, the children are encouraged to wear a mustache or a beard on their faces. Remind the children that they can make their mustache or beard out of paper or hair, they can buy a fake mustache or beard from a costume or party store, or they can even draw a mustache or beard on themselves with their parent's help using a washable marker. They can even attach it to a stick or a drinking straw and hold it up to their face. Points will be given to everyone who has a fuzzy face. A special prize can be given for the craziest looking mustache or beard if you wish.

Please Note: Be sure to stress to the kids that you will not give credit to anyone who uses permanent marker on their faces (and possibly tell them they will have to sit out of game time as well if they do this). We have heard that antibacterial gel or soap helps to get permanent marker off of someone's face, but have not tried it personally.

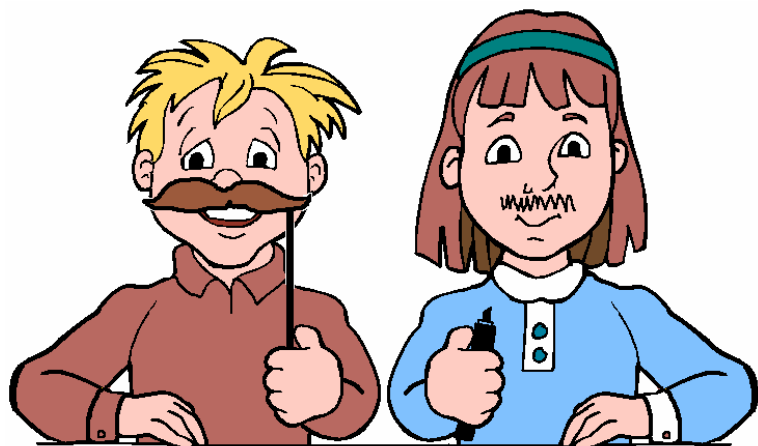

Additional Ideas:

None.

Reminder Flyer:

See the flyer on the next page.

Remember, next week is...

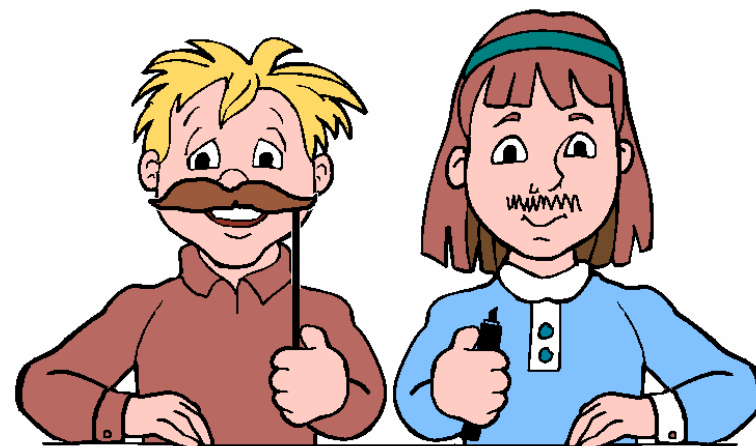

FUZZY FACES NIGHT

Wear a mustache or beard on Fuzzy Faces Night! You can make your mustache or beard out of paper or hair, you can buy a fake one from a store, or you can even draw one on yourself with your parent's help using a washable marker. You can even attach it to a stick and hold it up to your face. Points will be given to everyone who has a fuzzy face!
