Explorer Medal

Sample Medal Shape and Design

Description:

- **Award Type:** 1 3/4 inch gold medal with gold background and black writing.
- **Cost:** \$2.40 each
- **Awarded For:** *This optional award can be given out to the children who stood out above the others in their classroom. We suggest you give this award out for one of the following three reasons:*
 - *You can give this award to the child in each class who completed the most material for the year (i.e. went the farthest in their books).*
 - *In promoting outreach, you can give this award to those who brought the most visitors to your club throughout the year.*
 - *You can give this award as a Christian example type of award for those who in each class or age group who had model attendance, participated in every aspect of club, and had an attitude that you want other to mimic.*
- *We do recommend that you choose only one of these three reasons each year. Choosing all three reasons can lead to some confusion on what needs to be done to earn the award. Besides, by not knowing exactly which reason you are going to be giving the award for each year, this will encourage the kids to be doing all three of these activities in your church.*
